Permits are submitted online at the following link:

Here are guidelines and requirements to assist when building a deck. This information is provided to identify minimal requirements in the County’s adopted Building Code and Zoning Ordinance. These guidelines are not all inclusive but cover the most critical requirements involved in this type of project. Feel free to contact our department if you have further questions.

You will be creating a profile in our Accela portal – a non-refundable application fee is required at the time you complete the permit submittal and the documents below will need to be downloaded to complete the application process

1. Plat of Survey – possible BMP’s (Best Management Practices)
2. Construction plan
3. Trust Disclosure form for properties in a trust

A non-refundable application fee will be required – this portion of the fee is credited toward the final permit fee (reference the Schedule of Fees for specifics), a Drainage Review fee and a Health fee if the property is on well and/or septic. We accept exact cash, checks or Master Card and Visa.

1. A copy of the scalable Plat of Survey with the deck drawn to scale in the exact proposed location with dimensions and dimensions to the nearest lot lines. The survey must show all existing structures with the Illinois Licensed Land Surveyor’s seal and signature visible.
2. A copy of the construction plan. See the typical deck detail below showing minimum code requirements. The plan must show side view, and a top view.
3. For any property that is in a trust (bank or trust company) will need a notarized Trust Disclosure form completed by the trust company stating the beneficiary of the trust. For properties in a family trust we need some paperwork showing the trustee.

Requirements for permit issuance:

4. Utility Easement form
5. Drainage Easement Agreement form
6. Entrance permit
7. Fees
8. Performance Bond
9. Contractor Registration
4. For decks located in any part of a drainage/utility easement a notarized affidavit will be required. This gives the applicant the responsibility to contact the utility companies that are in the easement so they are aware of a structure being installed in that easement.

5. Also for sheds located in any part of a drainage and utility easement a Drainage Easement Agreement must be filled out and all individuals on the deed will need their signature notarized.

6. Prior to permit issuance an Entrance Permit/bond receipt from whoever maintains the roadway (Township Highway Commissioner, Du Page County Department of Transportation, Illinois Department of Transportation or municipality).

7. Permit fees are due before the permit is issued. We accept exact cash, check or Master Card and Visa. (The building application fee will have been credited toward the final permit fee)

8. The Performance Bond insures code compliance and is included in your permit fee. This portion of the fee is fully refunded once the final inspection has been approved.

9. All contractors working on the project are required to be registered with Du Page County Building Division and must be current when the permit is issued.

Size: No limitation

Setbacks:

- **R-1 Zone:**
  - Front: 40 feet.
  - Rear: 50 feet
  - Corner side: 40 feet
  - Interior Side: 20 feet

- **In R-2, R-3 and R-4 Zones:**
  - Front: 30 feet
  - Rear: 15 feet
  - Corner side: 30 feet
  - Interior Side: 10% of lot width or 10 feet whichever is less.
  - Interior Side Exception: If a lot is 20,000 sq. ft. in size or less: 3 feet

**Multi-Family Construction:** (Ordinance Sections R-5: 37-705, R-6: 37-706, R-7: 37-707: Please contact the Zoning Section at 630-407-6700)

**Drainage Requirements:** BMP’s if required ([Best Management Practices](https://www.fema.gov/media-library/assets/documents/160)).

Provide location on plat of survey. Proposed structures cannot have a negative impact on the existing drainage for the neighboring properties. **Disclaimers:** If there are any special management areas (including any of the following; floodplain, wetland and wetland buffer) on the property additional permit requirements may be needed. See Sec.8-128.2 of the County’s Building Code for Minimum Plan Requirements.

- Pursuant to 8-128.2.E of the Building Code, any development in the floodplain must obtain an Elevation Certificate. Where a development, structure or property has substantial damage, has or will have substantial improvement or is the subject of repetitive loss regulations, the development, structure or property shall comply with the requirements of the Building Code and the DuPage County Countywide Stormwater And Flood Plain Ordinance, which includes the need to obtain an Elevation Certificate. (Ord. No. DC-O-0030-15, 8-11-2015)

- The FEMA 2015 Elevation Certificate is available from FEMA ([https://www.fema.gov/media-library/assets/documents/160](https://www.fema.gov/media-library/assets/documents/160)). It is a fillable PDF form.
Minimum Building Plan Requirements:

**TYPICAL DECK REQUIREMENTS**

**Sample**

**SIDE**
1. What is the deck height above ground?
   (36” minimum guardrail with balusters
   maximum 6”o.c. required everywhere
   deck floor exceeds 24” above grade and
   on all open sides of stairs over two stairs, w/
   separate graspable handrail – return ends return to guardrail/post
2. How is the deck anchored to the house?
3. Pier size? (8” diameter x 42” deep minimum)
4. Flooring? What type?
5. Post size(s) if any? (4 x 4, 4 x 6, etc.)
6. How are posts or beams anchored to piers?
7. Show location(s) of stairs and provide stair detail.

**TOP**
1. Fully dimensioned?
   A. Over-all dimensions.
   B. Dimensions of any off sets or irregular shapes.
   C. Dimensions of pier & beam locations.
      (see above drawing).
2. Show joist size(s), direction(s) & spacing.
3. Show beam size(s). (2-2x6’s, 3-2x10’s, etc.)

**ZONING CHECKLIST**

For lots under 20,000 sq. ft.
- Location – behind the front wall of the house
- Front setback – 30’
- Rear setback – 15’
- Side setback – 3’
- Corner Side setback – 30’ (if lot < 75’ wide/20’)

This is a general sample only – may not be applicable
to your conditions

**Inspections:** (a minimum of 24 hours advance notice required for inspection scheduling)

Please contact the Building and Zoning Department at 630-407-6700 to schedule inspections.

(Where no work has been started within 180 days after the issuance of a permit, or when more than 180
days lapses between required inspections, such permit shall be void. No work shall commence prior to
issuance of permit). Feel free to contact our office if you have any questions regarding the permit or
inspection process at 630-407-6700. The office location is 421 N. County Farm Road, Wheaton, IL  60187.
You can visit our web site at [www.dupagecounty.gov/building](http://www.dupagecounty.gov/building).
