

# DuPage County Government Complex

## Walking Paths

The DuPage County Government Complex offers 8 trails and paths totaling over 4 miles of combined walking distance. These trails weave throughout the East and West portions of the complex and provide the opportunity to enjoy the beautiful landscape while visiting the many points of interest on campus. The design of the trails allow users to customize their path based on distance, interests and even time. The shorter trails allow a quick and easy walk for those looking to take a break throughout the day. The longer trails will be utilized by those who tend to exercise during lunch hours. Feel free to mix and match different trails and customize your campus experience.

Path Key	
	DuPage - East 1.05 Miles
